New Business:

The Commission is very pleased with the installation of the flag pole on the Old Centre Common. There are a few issues members would like placed on the upcoming agenda. Mr. McCronon would like to discuss planting the same trees on the Green, he will send links on the information. He will also send information on how to access a handbook on maintaining town greens. The name of the book is On Common Ground. His last concern is the wild-life habitat that was disturbed on the training field after it was mowed. He would like to discuss restoring it. Ms. Abare reminded the Commission there are funds available to use for these projects. Ms. M. Harrington would like to discuss burying the electrical lines on the Common. She would also like an inventory of Winchendon's buildings that are turning "50" for a historic recordkeeping of them. Lastly, she would like to discuss signage for the Historic areas of town.
