

The Winchendon Department of Planning and Development
is seeking community members to serve on the

Winchendon Master Plan Committee

As a member of the Winchendon Master Plan Committee you will help the community
create a master plan that guides decision making for the next 10 years and beyond.

Members will formulate strategies that best suit Winchendon to collect
community input and compile a plan that is both relevant and realistic.

The Master Plan will ensure that future decisions reinforce
the long term vision and values of your community.

— *The Master Plan is created by you, for you!* —

Volunteer for the Winchendon Master Plan Committee today by contacting
The Department of Planning and Development
