Public Hearing: 875 Spring St.

Nicole Roberts read the public hearing notice.

The solar project was approved in late 2020 but due to delays and unavailable modules, they needed to redesign the plans. With the newer modules, the footprint is going to be reduced by about 7 acres. The previously approved perimeter fencing was a 7 ft chain-link style. The company has used a different style fence on recent projects that is less industrial looking, made of wood & fabric material. During the transition months, spring and fall, the heavy machinery doesn't do well in the elements. They would like to have a 24x24 building to store the heavy machinery instead of the originally proposed concrete pads.

A. Amenta motioned to close the hearing, 2nd by B. Gould.

Amenta (Y) Goodrich (Y) Gould (Y) Phillips (Y) 4-0

B. Gould motioned to approve the site plan modifications, 2nd by A. Amenta.
