The updated budget sent to the committee will be further revised prior to the Budget Public Hearing on March 10th. He has not received the Indirect Costs figure from the town. 9. b S. Rogers noted he is the faculty member who runs the activity account for the Middle School. He explained the lengthy turnover times for reimbursements from the town treasurer, which created difficulty getting funds in a timely manner to pay bills and deposits. The account is currently limited to \$10,000. He requested access to the funds through a checking account, with a \$16,000 balance limit. This action was recommended by the auditor in December, 2015. L. Murphy moved that we increase the Middle School Student Activity Account from the present \$10,200 to \$18,000. Second by D. LaPointe. M. Chapulis noted this is allowed under MGL 71, Sec. 46. G. A fourth year of math could be required by 2021. Additional course choices will be offered starting in the 2016-2017 school year. L. Murphy commended him for his goal towards making our kids more competitive. Additional cost would be incurred more from books than personal; courses would be phased in over several years. G. Vine approves of the fine arts requirement, noting a stronger foreign language requirement would be beneficial to students. J. Corbosiero voiced her approval of the proposed math requirement. D.
