To: Board of Selectmen Chairperson, Audrey LaBrie
Town Manager, Keith Hickey

As per National Grid's request for locating poles, wires, and fixtures including the necessary sustaining and protecting fixtures, along and across the following public way:

Hill Street-National Grid to install 1 SO Pole on Hill Street beginning at a point approximately 170 feet south of the centerline of the intersection of Hill Street and Front Street and continuing approximately 15 feet in a westerly direction. Installing pole 7-52 so primary can be brought from pole 8 to pole 7-50 and continue down the road.

I also grant for permission to lay and maintain underground laterals, cables, and wires in the above or intersecting public ways for the purpose of making connections with such poles and buildings as each of said petitioners may desire for distributing purposes.

I, Albert C. Gallant, have reviewed the petition for joint or identical pole locations, and in my opinion, I find this acceptable.

Sincerely,

Albert C. Gallant,
Public Works Director
