 Provided by DEP

**B. Certification**

Check all that apply:

- Complete Certification:** It is hereby certified that the work regulated by the above-referenced Order of Conditions has been satisfactorily completed.
  
- Partial Certification:** It is hereby certified that only the following portions of work regulated by the above-referenced Order of Conditions have been satisfactorily completed. The project areas or work subject to this partial certification that have been completed and are released from this Order are:  
 \_\_\_\_\_  
 \_\_\_\_\_
  
- Invalid Order of Conditions:** It is hereby certified that the work regulated by the above-referenced Order of Conditions never commenced. The Order of Conditions has lapsed and is therefore no longer valid. No future work subject to regulation under the Wetlands Protection Act may commence without filing a new Notice of Intent and receiving a new Order of Conditions.
  
- Ongoing Conditions:** The following conditions of the Order shall continue: (Include any conditions contained in the Final Order, such as maintenance or monitoring, that should continue for a longer period).

Condition Numbers:

Document Number

\_\_\_\_\_  
Signature of Applicant

### **Perpetual Conditions**

The following Perpetual Conditions #47 – #50 shall remain in force permanently and will be recorded as such on the Certificate of Compliance:

47. The Conservation Agent shall be informed prior to any proposed further alterations within wetlands, 100-foot Buffer Zone, or 200-foot Riverfront Area to determine whether the work requires approval of the Conservation Commission.
48. No stormwater runoff from any impervious surfaces shall flow directly into wetlands. There shall be no erosion of the 100-foot Buffer Zone due to stormwater runoff from any impervious surfaces. (Sheet flow over a vegetated 100-foot Buffer Zone is permitted, if it causes no erosion.)
49. No non-organic fertilizers shall be used in wetlands or 100-foot Buffer Zone.
50. Except in cases of threats to human health and safety, and/or as may be permitted by an Invasive Vegetation Management Plan approved in advance by the Conservation Commission, no non-organic herbicides shall be used in wetlands or 100-foot Buffer Zone. Except in cases of threats to human health and safety (stinging insects, for example), no non-organic pesticides shall be used in lawn care, or for any other exterior purpose on a regular basis, in wetlands or 100-foot Buffer Zone.
