

To Whom It May Concern:

This letter is to confirm that the Winchendon Community Action Committee has offered to provide a space for Piper's Mobile Kitchen to operate on the property of the WCAC. Piper's Mobile Kitchen will operate during the same hours as the WCAC Farmstand and Youth Changemaker Cafe. Mr. Piper has been a participant in the Makerspace Pilot Project through the H.E.A.L. Winchendon Collaborative, which the WCAC is a Steering Committee Member. He has demonstrated perseverance and such hard work to get his small business off the ground, and has taken out the necessary permits and certifications to operate a food business.

As a local non-profit whose mission is to promote the economic growth and empowerment of residents, we see this partnership between Piper's Mobile Kitchen and the WCAC not only as a way to continue to support local entrepreneurs, but to also serve as an example for other local entrepreneurs and residents, and a way to promote to the public the services that the CAC and H.E.A.L. offer.

Should you have any questions please do not hesitate to contact me.

All the best,

A handwritten signature in black ink, appearing to read "Miranda Jennings", is written over a faint, light-colored signature line.
