ATTACHMENT A -- MUNICIPAL ALERT -- ASBESTOS REMOVAL/ DEMOLITION

.....  
Prior to issuance of a local demolition permit, the following items should be addressed by the demolition contractor/applicant/owner:

1. Under federal regulations, 40 CFR Part 61 Subpart M (NESHAPS), buildings Intended to be demolished are required to be surveyed for the presence of asbestos. In the survey, all building materials must be assessed as potential asbestos materials (Insulation, flooring, wallboard, plaster, roofing, siding, etc.).
2. Asbestos materials identified in the structure to be demolished must be removed, in accordance with Department of Environmental Protection (DEP) (310 CMR 7.15) and Department of Labor & Industries (DLI) (453 CMR 6.00) regulations, prior to demolition. A Commonwealth of Massachusetts Asbestos Notification Form, Form ANF-001, is required to be filed with the DEP and DLI jointly) at least 10 working days prior to commencement of asbestos removal. You may contact the appropriate DEP regional office to determine whether or not a notification has been filed for a particular project.
3. Demolition of ANY industrial, commercial, institutional or residential building with 4 or more dwelling units requires a DEP demolition notification (Form BWP-AQ-06). This notification is required, under 310 CMR 7.09 which also Incorporates the federal regulations, to be filed at least 10 working days prior to commencing demolition. You may contact the appropriate DEP regional office to determine whether or not a state demolition notification has been filed for a particular project.
4. Municipal building Inspectors should request that copies of the following be attached to local demolition permit applications - NESHAPS building survey for asbestos materials, Commonwealth of MA Asbestos Removal Notification Form (ANF-001), DEP Demolition Notification Form (BWP-AQ-06)
